Professional Experience

Digisidekick / Web Developer

Senior Shopify Developer & Team Lead
Feb 2023 – Feb 2026

Key responsibilities:

- Led dev & design team — handled sprints, code reviews, and quality standards
- Acted as bridge between clients, designers & analysts — managed requirements and delivery
- Built custom Shopify apps (CLI, App Bridge, Polaris) for advanced functionality
- Developed OS 2.0 themes using Liquid, JS & CSS with sections, metafields & metaobjects
- Used AI tools (Cursor, ChatGPT) to speed up development, debugging & builds
- Managed 15+ Shopify stores across multiple niches with timely project delivery

Uniqoe Media / Web Developer

Web Developer – Shopify Specialist
Nov 2021 – Dec 2022

Key responsibilities:

- Collaborated with clients, designers, and project managers in cross-functional sprints to deliver custom Shopify stores aligned to brand identity and business goals.
- Built and customized Shopify storefronts with tailored Liquid templates, integrated third-party apps, and configured eCommerce, SEO, and security plugins.
- Delivered WordPress/WooCommerce solutions alongside Shopify projects, expanding full-service web development capability for agency clients.
